Education

Year	Degree/Board	Institute	CGPA / Marks(%)
2021-2025	B.Tech. in Computer Science & Engineering	Indian Institute of Technology Delhi	8.15
2021	CBSE	Springdales International School, Kota	95.2
2019	CBSE	JBS, Bareilly	97.4

Startup Experience

Material Kart | Founding Engineer

May 2025 – Present

- **Tech:** Built **MaterialGPT**, an AI-powered semantic and image-based search engine enabling discovery of tiles through natural language and visual queries. Worked with vector search, multimodal embeddings, **AWS**, **Weaviate Cloud**, and **Vertex AI** for scalable data, search, and order management.
- **Sales:** Ran **Digital Sales** for the company, from Google Ads to customer calling to final delivery, and brought in the first **10 Lakh Rs** of sales for the company.

Aiva : AI Agents | Co-Founder

May 2025 – Aug 2025

- **Product:** Built a platform for custom AI agents (GPT with hands), allowing users to personalize agents for their use cases and context.
- Designed modular agents with **LangGraph**, **LangChain**, tool calling, event triggers, inf memory, and human-in-the-loop validation.
- **Customers:** Sold a custom AI agent for invoice verification and ledger creation reducing manual workload by 90% for the CA firm, and gained traction with Steve Jobs Emailer (personal email sender trained on Jobs' emails, 100 users) and Periods Buddy (150 users).

Svar Smart Solutions | Co-Founder

Jul 2023 – Sep 2024

- **Product:** Led **product design, sales, and fundraising**. AI-powered app that provides speech therapy to people with speech disability.
- **Closed Customers:** Secured 2 B2B clients and signed an MoU with the **Indian government** for app adoption in public institutions.
- **Funds:** Won 3 government grants securing funds worth \$30K. Received a **VC term sheet for \$80K** of investment at \$14 mil.

Work Experience and Projects

Rinex Technologies | Machine Learning Engineer intern

May 2022 - Jul 2022

- Developed a machine learning model to predict sales using linear regression, implemented data pre-processing and visualization.
- Conducted exploratory data analysis (EDA) on a large dataset using Python libraries, identifying key trends, insights and distributions

Coinfun: Crypto Paper Trading Exchange Website | Group Project

Mar 2023 - Apr 2023

- Designed and launched a working website based on study of popular cryptocurrency trading websites. **53 people** used the website.
- Fetched **real-time crypto-prices** and candlesticks charts. Enabled in-app chat and transactions among users, using a P2P portal.

Speech AI: ML based speech feedback model | With Prof Parag Singla

Sep 2023 - Dec 2023

- Developed a comprehensive speech collection platform, and went to schools and NGOs and collected **8000 speech samples** of **250 unique students**, and stored them on firebase. Created **10,000** more speech samples using advanced text-to-speech AI model.
- Built a speech classification model, achieving **92.7% accuracy** in identifying errors and suggesting personalized correction tips.

IIT Delhi Student Forum | Personal Project

Jan 2025

- Built the first student-controlled forum of IITD, **400+ users**. Lets students review courses based on grading, content, and experience.
- Provided a place where students can post and get updates about campus activities, got an **acquisition** offer from the **administration**.

Accomplishments and Position of Responsibilities

Scholastic Achievements and Competitions

- **JEE Advanced:** Secured **AIR 1758** among **2.5 lakh candidates** qualified for JEE Advanced 2021.
- **JEE Mains:** Secured **99.71** percentile among over **15 lakh** students candidates appearing in JEE Mains 2021.
- **Winner** of Accenture Innovation Challenge (among **1.86 lakh teams**), a national-level pitching competition. Covered by **the TOI & HT**.
- **Top 10** finalist in the Samsung Solve For Tomorrow Season 1 among **18,000** participants. The final round was aired on **CNN & CNBC**.
- **Winner** of the Hult Prize regional round in North India, **representing India** in the international competition.

Entrepreneurship Development Cell (eDC), IIT Delhi | Executive

May 2022 - July 2023

- **Executive** in the Startup Incubation and Corporate Alumni Relations (SICAR) vertical. 1 out of 9 members selected from over 100 people who were interviewed. The team strategized a year-round series of events organized by eDC, closing speakers and judges.

Board of Sports Activities, IIT Delhi | Captain

May 2022 - July 2024
